

PRINT MEDIA BRAND & GENERIC IMAGING MEDIA

Cost-effective imaging media, designed to fit most popular printers, which meets or exceeds printer manufacturer specifications, as well as your performance standards.

True Color Prints for Video and Digital Images

The image of choice for its wide range of color, its excellent contrast, the sharp definition provided by its high-gloss receiver sheets, and its long-term durability provided by the same durable polyester material used for X-ray films. Color ribbon is pre-loaded in a disposable cassette...the easier, quicker drop-in alternative.

Compatible With	Cat. No.	Packaging
Sony UPC-1010	3645564	100/Bx
Sony UPC-5010	5453543	100/Bx
